

Lions Australia
Tree Planting Project

OUR VISION
"ONE MILLION NEW TREES
BY JUNE 2027"

Get involved today!

WHY GREEN CANOPY?

FAMILY ACTIVITY

Tree planting is a great activity that can be enjoyed by the whole family. What a great way to spend a day, or even just a few hours

GREAT FOR LIONS RECRUITMENT

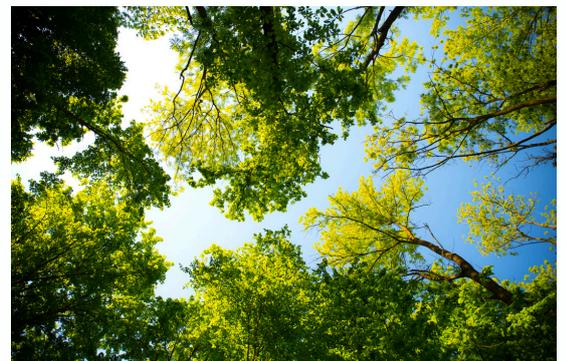

This project is probably the best opportunity we have had to recruit a younger membership, for whom the number one concern is the environment

KEY POINTS

- Initial project runs until June 30, 2027 with the aim of planting 1 million new trees
- If extended beyond that date, the aim is to plant an extra 500,000 trees per year thereafter
- It is something that anyone can support and be involved in
- Great for family activities
- Everyone can help to make a difference to our environment!
- Australia-wide

- There are so many treeless housing estates
- Trees are still being lost across the country
- With rising temperatures, we need trees more than ever
- A green environment is great for our mental health
- The environment is one of our global causes
- Tree planting is a great opportunity for community partnerships
- This project will increase public awareness of Lions and expose us to a whole new audience
