IMPORTANT NOTIFICATION ABOUT Q1 ZONES & CLUB CLOSURES

District 201 Q1 has had a small shuffle of **Zone Numbers ONLY** due to a lack of support with being able to attract Zone Chairs and the Closure of a club in Zones 1, 2, and 3 - they are now 1 and 2 (combined) along with Western Zones 11 & 12 Now becoming Zone 10. **10 Zones in total.**

Full details and listings are available in the [NEW DISTRICT DIRECTORY](#) which each club will receive a **HARD COPY - it is available to view online **NOW**.**

www.lions201q1.org.au/directory

CLUB CLOSURES: – • Bonalbo Upper Clearance (Due to aging burnout)
• Ormeau (Due to member disengagement and non-payment of Lions Clubs International fees) - Club Cancelled by LCI
• Logan West (Membership transfers to stronger clubs). Club to be renamed ...
New Members have transferred from a Club Branch to rebuild

It is with sadness that we have had several club closures, but the facts are that if clubs are not attracting new members, it is a matter of time before reality kicks in!

But it is great that we can save one by having Club Branch members transfer in to give them the opportunity to build a full club, I wish them every success, and look forward to seeing the impact they can make in the community.

The District is available to help with Club Development / Planning workshops & help refocus and rejuvenate - **DON'T wait until it becomes too late** and people lose interest, and things all become too hard for the members that remain. At the end of the day... **each club** and **each club member** are **responsible** for the long-term **legacy of your Club**, not District, not Multiple District and not Lions Clubs International - **YOU ARE THE KEY** to open the doors of service for others to get involved and make impacts in your community

Plenty of Resources available to assist, can be found on the LCI website
