

Pistrict Governor - Kent Wilcox ISSUE4

Dear Lions,

District Convention ("Shake it up Convention")

I would like to remind all Lions that shortly the district convention will be upon us in fact it is this month starting on the 17th of October 2014 and it is being held at Elanora State High School with the banquet on the Friday evening at the Currumbin RSL.

As your district governor I would like to extend an invitation on behalf District 201Q1 for all lions within the district to attend, I would also like to extend this invitation to any visiting lions and guests

The convention team and I are encouraging lions to use the electronic registration just click on the link "Registration" on the district web site. http://201q1.lions.org.au/

Brunswick Mullumbimby Lions 3rd rated best "Driver Reviver" in NSW

Well done to Brunswick Mullumbimby lions club for being accredited as the third best "Driver Reviver" in NSW.

The club's caravan being used to dispense the teas and biscuits would be the envy of any lions club in Australia, it is professionally appointed with all mod cons. This is an example of a lions club "Roaring" and not just providing a potential life service and engaging with the community,

the exceptional rating of third indicates the community is being made aware and appreciating of what we do as lions (We Serve). Well Done Lions Club of Brunswick Mullumbimby and thank you for providing Lion Josephine and I with an enjoyable cup of tea.

Lion Kent Wilcox

Thank—you to our Australian Lion's Pistrict 201 Q1 Project, Operation Friendship.

Peter and I have experienced the amazingly heart-warming fellowship of Lions in Denmark's District 106B-International Friendship in its' truest form! We landed in Copenhagen, the capital of Denmark, where our Danish guests, to our Australian district, and home, in 2013, Jonna & Steen, began our guided tour of Denmark on Easter Saturday through Parliament House and all places of importance to royalty. Since their beloved Princess Mary was Australian, it seemed we, as Australians, were receiving the royal treatment.

We had a wonderful four weeks, being hosted by four different families, a week at a time, in a wide variety of areas in their Lions' district. From Copenhagen, in the East, Jonna And Steen escorted us to our welcoming party in Merete's home, from where, our first dear hosts, Ida & Soren, took us into their home in the village of Spentrup outside the city of Randers. That week we started our history and geography lessons on Denmark. We explored the nature around the Mariager fiord with a lovely hike and were shown the old Viking lifestyles. We were surprised to find that there was an Elvis Presley museum in Randers! In Randers we spoke at a Lions meeting, and Ida, an English teacher, took Lynn to address one of her college's classes while Peter fitted in a game of golf with Soren and a couple from Lions. Soren escorted us to the District Convention in Viborg, where we gave our presentation and had our photos taken with the Mayor of the city.

After a huge night of feasting and celebrating at the Convention, Bjarne and Susanne, drove us to our second home in the north of Denmark, Kvissel, near Frederikhavn Their lovely home housed an old watermill, that still generated their electricity, and had recently been a restaurant and function centre that had seen many parties in its past. Susanne had been the head chef and we were certainly well fed and looked after. In preparation for a

Lynn with hosts Bjarne & Susanne in Canola fields that checked the green landscapes.

club board meeting and dinner in the large dining room, Peter was given a lesson on how to set the table properly! We were also treated to lovely fresh-from-the-fish-market, home-smoked salmon. We tried different foods, such as marinated herrings on rye bread with schnapps! One day-trip took us to the northern most tip of the country at Skagen where the North Sea meets the Baltic waters to Sweden across the strait and we climbed huge, windswept sand dunes that was

quite unexpected of such a country of generally low, flat, green scenery.

elds that checked the green landscapes. Our delightful third hosts, Ole & Liselotte, took us to meet our guests coming to Australia this October, Anders & Marieanne Poulsen, from Logster, a lovely town on the Lim Fiord. It was Anders' birthday so another celebration luncheon and all the town flags were flying for their Labour Day, the same date as ours in Aust. Our host, Ole had just been

their Labour Day, the same date as ours in Aust. Our host, Ole had just been elected as VDG and after a very special week and lots of sightseeing in their company we decided to meet again in Hawaii next June for the International convention to help celebrate Liselotte's birthday and his induction as DG!

Our fourth week was spent with Karen's family in Silkeborg in the south of the district. Besides the great hospitality, we will always remember the fun we had at LegoLand, being kids again on the rides and staring with wonder at all the amazing Lego buildings in every thome you can imagine from the Pyramids of F.

Our official duty at Viborg, Lions District Convention, with the Mayor and VDG,Ole.

amazing Lego buildings in every theme you can imagine, from the Pyramids of Eygpt and the life-sized animals of Africa to Life in Space. One of their customs that stands out and we took part in was, the celebration of a couple's 25th wedding anniversary. All friends and neighbours gather in the early morning outside the home and sing songs of happiness to the accompaniment of a 5 piece brass band, until the couple come to the front door in their nightdress, carrying a teddybear and then all are invited in for breakfast, and it was a crowd of about 70 people! That experience will never be forgotten!

We met so many wonderful Lions people and made new friends and shall always think of Denmark as a warm, friendly place and welcome their countrymen into our home at any time. A great experience that we hope continues between our countries . Thank-you to all the organisers of Operation Friendship from both countries, especially to Ian Mainwaring of Q1, and Merete and Annemarie(who hosted our farewell party and drove us to the airport) of Denmark. A great, worthwhile, international experience.

Our regards to all involved, Lynn & Peter Smith of Goondiwindi.

Lions Look For Someone Special

Since 1994 the Peel Valley Lions Club has sought out and honoured a country music personality who has given voluntary service to the community through his/her connection with the genre. Over the 21 years of the Award, recipients have included singers, songwriters, musicians and those who work tirelessly behind the scenes – and invariably they are quiet achievers who have never sought recognition or superlatives for their charity and community efforts.

President Mike Ham has announced that nominations for the 2015 award are now being accepted and anybody may nominate someone (via your local Lions Club) who they think are deserving of the recognition. "Anyone with a country music connection who has given of their time and talent to assist charity through their music is eligible," Mr Ham said. "It may

be someone who entertains members of their community, works on major country music fundraising events, and something as simple as giving their time for free to help out in caring and support programs."

Nominees don't have to be Lions Club members but nominations need to be made through your local Lions Club and must be made in writing to:

The Secretary, Peel Valley Lions Club, PO Box 957, Tamworth, NSW, 2340 or via email to

tamworth-peel-valley@lionsdistrict201n1.org.au and need to be in by December 18, 2014.

2014 Winners – Mark Tempany & Alison Ham from S.A. for Country Music Community Service

A panel will sift through the nominations and the 22nd Peel Valley Lions Club Australian Country Music Service Award will be presented during the 43rd Tamworth Country Music Festival in January 2015. The recipient will receive a one-off trophy crafted by respected artist Fred Hillier and will also be given the opportunity to nominate a charity to receive a \$500 donation on his/her behalf from Peel Valley Lions Club.

Enquiries should be directed to:

Terry Hill on (02) 6765 6042 or email terryanddihill@bigpond.com

A Strong Community Partnership – Lions & Outward Bound:

The Outward Bound Australia concept of Community Partnerships is a simple one, with a clear focus on disadvantaged youth. Outward Bound has partnered with Australian Lions Clubs for over 50 years in joint ventures to give local youth the opportunity to take a unique journey of fun-filled but challenging self-discovery. We are not talking simply about youth at risk, nor are we talking about 'boot camps' as sensationalised by the media. Our youth programs are focused on challenging all young people to be better than they believe they are, to recognise and build on their strengths and to overcome their perceived weaknesses, leading to a clear understanding that all limitations are self-imposed.

Lion Lois McHenry reminds Clubs that part-sponsorship of young people to these camps is most acceptable. Make this an Agenda item at your next Board Meeting.

Breast cancer Awareness

Bid For a Bra – I am pleased to announce that the bras painted by the celebrities are all looking fantastic – and it is amazing that they have been so kind to take the time to paint one for our silent auction.

Breast Cancer Awareness

The bras have been painted by:

- Marcia Hines (70's icon singer)
- Olivia Newton-John (70's icon singer)
- Kate Ceberano (80's / 90's icon singer)
- IPIP Barry Palmer (our Past International President)
- Dr Chris Brown Bondi Vet (no explanation needed)
- Hayley Lewis (multi medal winning swimming athlete)
- And a surprise artist (who will that be??)

So as you can see, there are some very popular celebrities who have painted a bra, and we need to have as many bids as possible to buy the bras that are being auctioned – to raise as much monies as possible for Breast Cancer Awareness. I will be getting back in touch with the celebrities and letting them know how much their bra was auctioned for so let's try to make it a really good amount to report back to them. Remember it is all for Breast Cancer Awareness.....

I am just waiting for the last bra to arrive back to me and then I will be releasing the Silent Auction paperwork (with photos of the bras) – so please spread the word now to let everyone know about the auction. Do you like one of these celebrities? Why not Bid for a Bra!

If you know someone that would like to bid for one of the painted bras / or if you are not going to Convention (which of course we hope you are) – and you or they would like to bid for a bra, please contact me for details on how you can place a bid – it is very easy.....

Keep an eye out for the paperwork very soon.

October Challenge – Have you planned your October challenge event yet – it can be anything at all – just make it pink and make sure that you have some fun. If your event is judged as the "best event" you could win a wonderful prize.

capalaba Lions club

HIGH TEA FOR AVA – Recently the Lions Club of Capalaba held a High Tea to help fundraise for 3yr old Ava. The Club has agreed to support little Ava and her family.

Ava has Goldenhar's Syndrome which is a craniofacial syndrome, which means that it causes certain abnormalities in the formation of the face and head. It is considered a rare disease and a congenital one, meaning it is present at birth. Goldenhar is present in just one out of every 3500 to 25,000 babies at birth. In her short life, little Ava has had many operations and has been hospitalised for this syndrome. Ava has more operations to go through in the future.

Lion Pat Battle was instrumental in putting the request forward to the Lions Club to help this little girl, and we agreed straight away. Every year Lion Pat with her committee organise a fundraising High Tea. We have had the High Tea for two years now, and both events have been very successful.

Occasionally Ava with her mum Tanya and sister Mia come to our Lions meetings to have a get together with little Ava. She is a very friendly energetic 3yr old. Ava's big sister Mia is a big support to her little sister. Thanks to Ava's devoted family and her extended family in the Lions Club of Capalaba, Ava is looking forward to a great future.

Moorooka Lions CluB

Moorooka Lions Roar in community partnership

With consultation undertaken and planning well advanced, the refurbishment of the Lions Park at the corner of Ipswich Road and Gow Street Moorooka is progressing.

The project involves a partnership between Cr Steve Griffiths, the Lions Club of Brisbane Moorooka and DEAF Services Qld for the funding and constructing a multi-user inclusive

playground to meet the needs of hearing impaired and other allabilities young people, while marking and celebrating the 50th Anniversary of the Lions Club of Brisbane Moorooka.

The proposal includes new play equipment in the park to provide multi-aged play experiences, focusing particularly on younger children.

Sensory / Tactile & Inclusive Play

Paily Specials... out amongst the clubs

It will include bright/colourful equipment, sensory and tactile elements with creative play options, balance, climbing and active play pieces. The planned upgrade proposes to create opportunities for children to explore their environment in a safe and fun way.

The location of the park provides a positive statement to the community about the history and contribution of the Moorooka Lions Club to the local community. It will entice families to take advantage of this leafy location. The electric BBQ and shade shelter will be upgraded, providing a convenient picnic experience.

A celebration involving the Moorooka Lions Club and DEAF Services Qld to mark the completion of the project will be announced in due course.

RoBina Lions Club

Robina Lions Club recently donated two Bed Occupancy Monitors to Robina Hospital's Clinical Resource Equipment Unit. These Bed Monitors are used to monitor patients and alert staff if patients leave their beds & need assistance. The Clinical Resource Equipment Unit loans equipment to the new Griffith

University Hospital and they were very grateful to our Club for the donation. August was a busy month for our Club with a games stall at the Varsity Lakes Fun Day on 24th August

and our Father's Day Raffle of goodies in a wheelbarrow for all the wonderful dads.

Our Club is also starting a community based service club for teenagers from 16 years and we are looking for interested young people to join in the fun.

DONATION TO LCIF

Our LCIF Chairperson Barry Palmer has asked all Lions to be responsible for donating \$100 to LCIF this year. If every Lion in Australia took up the challenge our donations to LCIF would total \$2,700,000. How can we do this? Perhaps if all Clubs simply do one fund raising activity for LCIF this year.

LCIF GRANTS

After the successful completion of the project by Palm Beach Currumbin Lions Club, their Lionesses and Leos providing much needed medical equipment to a hospital in Vietnam, it is about time our District seeking another meaningful project, utilising the Standard Grant up to a maximum value of US\$100,000.

Any Club wanting to know more about LCIF grants, I will be more than pleased to attend one of your Club meetings and provide detail information.

PDG Peter Ho

LCIF Chair 2009-2015 Lion.peterho@gmail.com

REQUEST FROM IPIP BARRY PALMER

IPIP Barry Palmer in the recent Forum in Adelaide requested a District or Multiple District to apply for a LCIF Standard (matching) Grant of US\$100,000 which with the Lions raising matching funds of US\$100,000 would give the necessary funds (US\$200.000) to equip and fit out a Dentistry Bus to provide much needed health care to the Timor Leste people.

Knowing Timor Leste Club charter was initiated from this District, would any Lions Clubs in our District like to spear head this project? This will be the quickest US\$100,000 raised as word gets around the Clubs. Australian Lions Lionesses and Leos should do this project as we are their neighbours and owe them so much for past sacrifices.

APVANCE NOTICE: District Workshops

Plans are afoot for special workshops (February 2015) for Lions who have not been office bearers in their club. Here you can get stacks of background information prior to your club's Nomination Night.

At the next Cabinet Meeting, 22-23 November, DG Kent advised a Christmas Theme.

Turning your vision into an ask

One of the great things about fundraising is that once you figure out the fundamental frameworks, they apply in almost every situation. In addition to taking a relationship approach, the biggest fundamental to learn in fundraising is the framework for turning your vision into an ask. Or as it is commonly known, 'your pitch'. Whether you're writing a grant application, meeting with a philanthropist or doing a crowdfunding video, the framework for developing a pitch is always the same. We've put this below: A good fundraising pitch follows this logical structure as it takes a potential supporter through the process of why they should support you. Let's quickly run through what each step means using the example of global access to clean water:

ISSUE: This is about identifying the problem/need that your organisation exists to address. Please note this is not your vision, which comes in 'achieve'.— 900 million people worldwide don't have access to clean water

UNPACK: This is where you break down the issue to create a deeper understanding of the issue. Expand to include key stories or measurements that back up the identified problem and set the scene for what you will propose next.— Dirty water leads to increased diseases in communities, children walk 3hrs a day to collect water rather than being in school, 4,500 children a day die from water–related illnesses.

PROPOSE: This is where you get to the specifics of your enterprise and your supporter. How is your enterprise going to solve this problem? How can the supporter become involved in this solution? (this is referred to as a 'call to action')— With your support, we can create a better life for developing communities by building modern infrastructure to access clean water. For as little as a dollar a day, you can provide access to clean water for over 50 people.

ACHIEVE: This is what the solution to the problem will look like and this is where you link it all up. You have brought your supporter on a journey and you now share a vision with a deeper understanding of what needs to be done. — You will be changing the lives of people for the better. Helping families to lead healthier lives and children to spend more time in school. Your support will change the water crisis that many people face today.

So in practice what does it look like?

• Thankyou Water did a great version of this to launch their bottled water. Watch this at the link below: — YouTube: 'Power of One Bottle', or use this link:

Please note there are many different approaches to pitching, we recommend this approach, as it is applicable in a wide range of situations as well as building a strong understanding of the fundamentals of the organisation.

Preventing Chronic Kidney Disease in a Sri Lankan Village

Project Launch

Lions from all Q1 Clubs are invited to the launch of an exciting International humanitarian project in Sri Lanka jointly sponsored by Brisbane's Moorooka Lions Club and Colombo's Borella Lions Club

Wednesday 29 October 2014

7:30 PM

Yeronga Services Club

Fairfield Rd, Yeronga 4104

Our challenge is to prevent chronic kidney disease from developing in thousands of people in Sri Lanka. Our aim is to provide clean water to at least one large rural community. We need your support to make this project a reality. Please join us at the launch to find out more about preventing this disease which is killing thousands of people in rural Sri Lanka!

> Light refreshments will be served. Meals are available from 6:00pm in the Services Club.

A bath at a public tap -

The Democratic Socialist Republic of Sri Lanka is an island state in the Indian Ocean spanning 65,600 sq km. Its population of 21.5 million is largely rural and 25% are under 15 years of age. One in ten Ski Lankans live below the poverty line of US\$1.25 per day.

Water is a key fact of life for Sri Lankans with 1,300 km of coast $Sri\ Lanka$ line, over 100 rivers and hydropower as a significant source of energy. Sri Lanka's tropical climate is highly prone to monsoons and occasional cyclones and tornadoes. Sri Lanka was also heavily affected by the 2004 tsunami that saw the loss of approximately 35,000 lives and the displacement of over half a million people.

90% of the Sri Lankan population have access to clean drinking water. The remaining 10% (2.2 million people) do not. Even though clean drinking water provision is wide-spread, in 2010 only 37% of population had access to pipe-borne water, with the Sri Lankan government target to reach 60% by 2020. In the meantime, 80% of the island's water use goes on agricultural irrigation.

This is further compounded by pollution of freshwater resources by industrial waste water as well the degradation of coastal areas through mining. Deforestation and the subsequent soil erosion further exacerbate the environmental issues. In addition, waste disposal systems, particularly in urban areas, continue to be inadequate with disproportionately high impact on the poor. Therefore there is a major risk of contracting infectious waterborne or water contact diseases such as bacterial diarrhoea, hepatitis A and, to a lesser extent, leptospirosis.

Lions World Sight Day

Focusing Attention on Preventing Blindness and Improving Sight

World Sight Day is celebrated worldwide on October 9. Lions Clubs International will officially mark Lions World Sight Day in Reykjavik, Iceland on October 14.

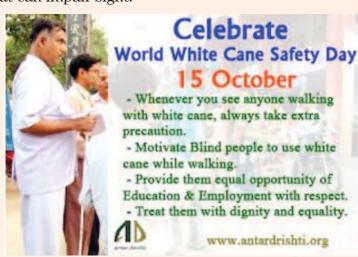

Lions around the world will mark World Sight Day with a variety of activities during the entire month of October.

Since 1998, Lions World Sight Day, held annually in October, has focused attention on eliminating preventable blindness and improving sight. On World Sight Day, Lions clubs around the world conduct special sight-related projects including:

- Collecting eyeglasses.
- Conducting vision and diabetes screenings.
- Planning educational programs to inform their communities about the importance of eye health and diseases such as diabetes that can impair sight.
- A GOOD IDEA: Promote eyeglasses recycling in your local schools. School Newsletters go to a large part of your Community.

Increasing Awareness of the "Symbol of Independence"

Many individuals throughout the world who are blind or who have severe vision loss use the familiar white cane with a red band at the bottom.

Lions help increase awareness of this "symbol of independence" – and the laws governing its use – during international white cane events.

It's all about a great Brand

What is the Lions Brand? A brand is a distinctive visual identity attributed to an organization. The Lions brand renewal means a new way of talking about and promoting Lions. This includes refreshing our logo, magazines, web sites, publications and more.

Why Renew the Lions Brand? Renewing the Lions brand helps us to express who Lions are and what we do. With our renewed brand, we celebrate our heritage while presenting ourselves in a fresh and modern way.

In nearly 100 years of use, the Lions logo has changed and evolved.

But it has always stood for the same idea: We Serve.
