Introduction

This handbook has been prepared to give District Convention host club/s a 'heads-up' on what is involved in hosting a convention on behalf of the District.

The handbook should enable the host club/s to eliminate guesswork as to what the role involves.

By providing this handbook to each club in the District we hope it will encourage more clubs to seek approval for hosting the convention.

In reading the contents you'll note the host club/s works closely with the District Governor and the Sergeant at Arms appointed by the District Governor.

There are matters which are mandatory, while there are others which are strongly recommended guidelines. The closer you can implement the guidelines will likely determine the numbers registering to attend, and in turn, their enjoyment and fulfilment at being there.

Hosting a convention normally brings members of the host club/s together, working in harmony, as they experience well deserved satisfaction through the attainment of a high-quality convention.

How to become a Host Club

The normal pathway is to provide a Notice of Motion to be put to delegates at a District Convention, two years in advance of the Convention you wish to host.

Your Notice of Motion needs to be received by the District Cabinet Secretary a minimum of 60 days prior the Convention.

It is recommended your Notice of Motion provide an explanation of what you have in mind.

At the District Convention you will be required to provide a presentation to the delegates.

There may be more than one Club/s seeking approval. Should this be so, after all presentations have been made, a secret ballot will be conducted to determine the host Club/s. Each Club/s seeking to host will be entitled to provide a scrutineer as the cast votes are counted.

Should there be just one Club seeking to host, District may decide a secret ballot is not necessary and therefore may call for delegates to vote yes or no using their voting card.

Eligibility to host a District Convention

Can be conducted on behalf of District by:

- An individual Club
- Two or more clubs jointly – These clubs can but do not have to be from the same Local Government Area
- A Zone or Region

Where the Convention can be Held

Normally held within the Local Government Area where the host club/s are located, however this is not a necessity as you can hold the Convention in another Local Government Area.

Selection of Convention Venue/s

Once the club/s select the venue, a District Governor appointed Convention Standing Committee will make an on-site inspection to ensure District Policy is observed in relation to the provision of:

- The Auditorium is of sufficient size to accommodate the numbers expected to attend.
- The area for the social functions is of sufficient size to cater for the anticipated attendance, particularly the Banquet (or whatever the largest function is described as)
- The stage is of sufficient size to accommodate the business sessions and entertainment for social functions.
- The audio/visual equipment will cater for all needs in that area.
- The proposed area and location for display booths is adequate and fulfils the requirements outlined in the District Convention Handbook
- The proposed catering arrangements are sufficient for all functions, morning and afternoon teas etc.
- Ease of accessibility
 - (a) Parking – Sufficiency and proximity to Convention venue of parking.
 - (b) Accommodation available to Conventioneers.
- Any other items as required by the District Governor.

Endeavour to have venue/s selected and then inspected by the Convention Standing Committee prior submitting your Notice of Motion to the Cabinet Secretary.

Convention Date

While for many years the convention has been held on the third, and sometimes fourth weekend of October the preferred weekend is now the **first weekend of November** because:

- Over time the October weekends clashed with unmoveable project activities of some clubs
- Motor sport on the Gold Coast towards the end of October has
 - (a) Limited the venues where the Convention could be held
 - (b) Pushed up accommodation costs
- Avoids a date clash with some N1 Conventions
- Notice of Motions need to be received by the Cabinet Secretary a minimum of 60 days prior the commencement of the Convention – Clubs who have Board Meetings in the last weekend of the month only have their July meeting to consider Notices of Motion. Many Boards will concentrate on setting up club matters at the July meeting. A November Convention enables these clubs to have their Board Meeting in late August at which they can determine any Notices of Motion they wish to put forward to the convention, and having done so, meet the Constitutional requirement of such Notice of Motion/s reaching the Cabinet Secretary 60 days prior the convention
- Slightly increases the time to market the Convention

Club/s Convention Committee

There are no set rules, however the following positions should be covered:

- Convention Chair as selected by the Club, who will also be a member of the District Cabinet
 - Secretary
 - Treasurer
 - Registrations
 - Promotion – Marketing
 - Sponsorship
 - Catering
 - Displays
 - Accommodation
 - Technology
 - Convention Raffles
 - Hospitality Bags
- (5)
- Sergeant at Arms (appointed by the District Governor)

(7)

Detailed Treasurer Duties are:

- Confer with the District Cabinet Treasurer re setting up the District Convention Account
- Prepare budgets for District Cabinet approval.
- In determining the budget, it is recommended you have close consultation with the Lion who will be the District Governor in the year the convention is being held, to ascertain their aspirations for a high-quality event.
- It is further recommended you consult with the Host Club/s of the previous two District Conventions as they will be able to provide you with actual income and expenditure outcomes.

Notation: Please note you will need to be aware that no two conventions will be the same. Generally, city conventions will likely have higher costs for some elements than those in country areas.

An example: Normally venue hire costs will be greater in the city and meal costs are also likely to be higher there too, but not always. An example of that is: There are times at country hosted conventions the catering has to be brought on site by an ‘out of town’ caterer.

- You should endeavour to project a break even or profitable convention, however if the final outcome is a loss, as indeed has been the case previously, the Host Club/s do not have to cover the loss

- Is the receiving point for registrations for the convention by mail and email

Promotion – Marketing Chair

- Endeavour to maximise attendance at Convention
 - You'll note some aspects require the involvement of the Registration Chair
- a) Every Lion in the District to receive a personal invitation and registration form signed by the District Governor. This methodology was applied for the 2000 and 2004 District Conventions and was very successful. The same methodology was utilised for the inaugural ANZI Pacific Forum on the Gold Coast in 2011 with an excellent registration result of around 700. Even though our Constitutional Area, Area 7, has many fewer Lions than all other Constitutional Areas, the attendance was much higher than the Inaugural Forum for those other Constitutional Areas
- b) The invitation/registration form to be A3 in size which when folded allows four A4 printing surfaces
- c) The invitation/registration form to be ready for printing by 1 July. This means the following will need to be known by then:
- Keynote Speakers
 - Forum times, topics and presenters
 - Entertainment
 - Convention Raffle details
 - All function costs, and where appropriate function themes
 - Golf and Lawn Bowls details
 - Details of an excursion for partners
 - Relevant accommodation options
 - Matters pertaining to new member involvement – such as a new member forum or participation in the flag ceremony

(10)

- d) It is recommended the invitation/registration form be posted to the home of each member by mail, as this will have much greater impact. Posted mail has heavily fallen

away, therefore when it is now used, it stands out, whereas emails have become the norm and no longer have strong impact.

- e) The invitation/registration form to be mailed no later than mid-July
- f) Mid July: Also place the invitation/registration form on the District website. The form when posted will advise there is an option to go to the website and register online.
- g) Early August: Email the invitation/registration form to all clubs and individual Lions whose email addresses are available
- h) The Host Club/s should apply to the District Cabinet for a special provision of \$2,000 towards the cost of printing and mailing the invitation/registration forms. Additionally seek further funds via sponsorship
- Using available club & member email addresses send updates August – October
In the July – October period try to arrange persons to address each club re the forthcoming convention. While members from the District Governor team normally promote the Convention, it does not have the impact required as it becomes one of many messages in their address. It is recommended where clubs have projection facilities the speaker use a PowerPoint presentation which the District will provide

The speaker to seek permission of the Club President to sell Convention raffle tickets as well as the District Convention Pin

The Host Club/s within their Convention Budget to allow for the dedicated speaker to be reimbursed the cost of their meal.
- While the ‘heavy lifting’ promotion of Convention will be done by the dedicated speaker, as back up, when visiting clubs, members of the District Governor team and other cabinet officers should include promotion of the convention in their presentation.
- District Governor Team to ring (not email), all Clubs personally, where no registrations have been received by 30 September.
- Have a special Presidents’ and Partner lunch or breakfast.
- A Community Service Award for Clubs to put forward details of an outstanding project. A District Officer to compile a PowerPoint presentation of these awards to be presented at the convention, with those in attendance, (not just delegates) given the opportunity, by way of a show of hands, to vote for the project they believe is best. The overall winner to receive funding for their Community Service Account, while all others receive a banner patch. Clubs must have at least one member registered for the convention.

- The **Traveling Lion Award** has been developed to encourage Clubs to have as many members as possible attend District Convention.

The award will be given to the Club that has the highest percentage of Club members traveling to and attending the annual District Convention. Traveling refers to Clubs that exist outside the municipal boundaries of the host Club or Clubs. The host Club/Clubs are excluded from being eligible to receive this award.

The District Governor, Cabinet Secretary and the Convention Registration Chairperson shall determine the winner by verifying the number of Club members registered from each Club and then determining the percentage of Club members attending, based on the previous months Monthly Membership Report. The Club with the highest percentage of Club members in attendance shall be declared the winner of the **Traveling Lion Award**.

Presentation of this award will be by the District Governor during the final presentations prior to the closing of the Convention.

The Club that wins this award is responsible for returning the **Traveling Lion Award** to the Cabinet Secretary prior to the commencement of the next Convention.

- Ask clubs when inducting new members to recommend those members attend the next District Convention and in doing so advise location and dates.
- In the period November – June the District Governor Elect and the period July – October as the District Governor writes to new members inviting them to attend the District Convention where there will be the following New Member involvement:
 - a) Participation in the Flag Ceremony
 - b) A special New Member Forum
 - c) A ‘Get to Know You’ competition where:

Part A: Each new member will be given a form listing each Cabinet Officer – the new members need to have each Cabinet Officer sign beside their name.

Part B: The Form also will contain a listing of all displays – New members simply ask a person at each display to sign the form.

The person with the greatest number of contacts to win a prize.
 - d) An exit forum only for new members providing feedback about their first District Convention giving feedback both the good and the not so good. To be held immediately after the Closing Ceremony.

- Is responsible for seeking sponsorships to defray costs – among others, always seek sponsorship from your Local Government Area/s
- Additionally one of your local elected representatives may be prepared to print the Invitation/registration form in return for recognition on the document
- Likewise a business can be offered recognition on the document in return for sponsorship

- Consider calling for nominations to enter a 'Lion of the Year' Quest. Run on similar lines as 'Youth of the Year' – that is the answering of two impromptu questions and providing a prepared speech. In the lead up to convention Clubs could hold their internal judging. The club winners would contest a Region Final with those winners the finalists at Convention. This concept would generate publicity for the convention at club level.
